USE ESTIMATES WHEN DATA IS NOT AVAILABLE.

If the exact data are not known for any item, please estimate the data and indicate in a federal note that it is an estimate. Estimates are very important.

- Enter a zero if the correct entry for an item is zero or "none".
- Enter a zero if the answer is "non-applicable". E.g., if a question asks how many people attended virtual programs, but your library didn't offer virtual programs, then enter zero.
- Select "unavailable" if you know a particular data item is not "0" but you don't know what it is and are unable to estimate it.

Grayed boxes are either prefilled and locked or automatic calculations. If prefilled information is incorrect, please contact LDO.

All information in the annual report is a matter of public record and much of it is published on the internet.

Library Programs**Live (Synchronous) Program Sessions**

A live program session is any planned event which introduces the group attending to any of the broad range of library services or activities which directly provides information to participants.

Program sessions may cover use of the library, library services, or library tours. They may also provide cultural, recreational, or educational information. Examples of these types of program sessions include, but are not limited to, film showings, lectures, story hours, literacy programs, citizenship classes, and book discussions.

INCLUDE

- All program sessions that are sponsored or co-sponsored by the library. For a program session to be sponsored or co-sponsored by the library, the library must contribute financial resources or staff time toward the program session. For a program session that is part of a larger community event (such as a craft class at a farmer's market or festival), it is not necessary for the library to also sponsor or organize the larger event.
- Both on-site and off-site program sessions. For example, include a storytime at a farmer's market or a presentation to a school group about library resources conducted at a school.
- Live-streamed virtual (synchronous) program sessions that are sponsored or co-sponsored by the library.
- Program sessions with attendance of zero or one if they were intended for a group.

EXCLUDE

- Program sessions sponsored by other groups that use library facilities. For example, do not include a homeschooling group hosting a speaker in a meeting room without facilitation from library staff.
- Offsite outreach efforts that do not otherwise meet the definition of a program session. For example, do not include having a library card signup booth at a farmer's market.
- Recorded presentations of program content; these should be reported in 08-058 - Total Number of Asynchronous Program Presentations.

- Programming that is shared on the library's website or social media that is not sponsored or co- sponsored by the library. For example, do not include sharing a video from an author's website of him or her reading a book.
- Activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.
- Passive or self-directed activities that do not occur at a scheduled time. For example, do not include leaving an art project or puzzle on a table for participants to complete.

TIPS

- If programs are offered as part of a series, count each individual program session. For example, a film series offered once a week for eight weeks should be counted as eight program sessions.
- Each program session should only be counted once.
 - If a program is a hybrid (i.e., in-person and virtual), then report it as one in-person. Attendance will be broken down into in-person and virtual and reported accordingly; each attendee/device will only be counted once.
 - Each program session should only be counted in one age category based on its primary target audience.
